SUMMARY

EXPERIENCE

Data Migration Factory Lead

Capgemini - Louis Dreyfus Company

📅 01/2018 - 01/1970 📍 France

Global data migration team leading projects for Louis Dreyfus Company

- Led end-to-end delivery for data migration across global rollouts (China, US, Port Allen) under high-stakes deadlines
- Designed migration roadmaps and managed client interactions for business alignment
- Delivered strategic guidance and transformation logic for complex domains: finance, procurement, manufacturing
- Oversaw cutover readiness, hypercare support, and post-migration validation with business owners
- Enabled successful go-lives through structured data governance and stakeholder coordination

Senior Consultant - Data Migration & Reporting

Capgemini - John Lewis Partnership 📅 01/2015 - 12/2017 📍 UK

Led data migration and reporting for John Lewis Partnership

- Spearheaded daily ETL operations handling 50-100M records
- Designed automated reporting pipelines for leadership KPIs and CXO-level dashboards
- Ensured SLAs, monitored production systems, and resolved performance bottlenecks
- Interacted with stakeholders to drive data quality improvements and align reporting needs

Consultant - ETL Development & Documentation

Capgemini - Sparq Solutions 📅 06/2013 - 12/2014 📍 Australia

Developed ETL solutions for Sparq Solutions

- Built scalable BODS pipelines and reusable job templates for legacy integrations
- Created business-friendly documentation: data flow diagrams, functional specs, and job design sheets
- Worked directly with onsite teams to convert business needs into ETL solutions

Software Engineer -> ETL Support Consultant

Ness Technologies - SAP AG Germany

📅 01/2009 - 12/2012 📍 Germany

Worked in mobile app development and SAP BODS support

- Developed mobile solutions, later transitioned to SAP BODS support projects
- Gained foundational knowledge in SAP project documentation, sprint planning, and job creation

I am a dynamic SAP Data Management Leader with over 12 years of global experience in SAP MDG, BODS, BO, and Information Steward. My expertise includes data migration, ETL architecture, and master data governance across S/4HANA and ECC platforms. I am known for my success in leading cross-functional teams and driving strategic growth through data initiatives. Now, I am seeking a leadership role focused on client engagement and delivery excellence

KEY ACHIEVEMENTS

Global Project Success

Achieved 100% project delivery success rate across three countries: China, US, Port Allen.

Efficiency Improvement

Increased data migration efficiency by 30% through optimized BODS pipelines.

Reporting Accuracy Boost

Reduced reporting errors by 20% through automation, enhancing leadership decision-making capabilities.

Client Satisfaction Leader

Led team to achieve 95% client satisfaction rate in high-stakes data migration projects.
